**Quotes of the top three athletes**

Anders Jacobsen: "That's a good day. The atmosphere in the stadium was super with a phantastic public. This was a good day for the Norwegian team with four athletes among the top ten. I didn't start in Klingenthal because I felt a little tired. But I really wanted to start here therefore I decided during the week to travel to Germany. Til now it happened quite a lot in this season."

Michael Uhrmann: "After two times in Oberstdorf I'm happy again to be on the podium. I think I can be in every competition among the best. But you never know what happen. It can be between 1 and 15. Today it worked well with my jumps and I'm satisfied to be on the second place short before the World Championships."

Jernej Damjan: "This was a great competiton with great conditions. I didn't start so well in this season but I always knew what I'm able to do. In the training I often jumped well but it didn't work in the competitions. Today I showed what I can and I hope to do it soon again."
