- Price for additional single rooms outside of the quota: on request

## Accreditation

All teams and staff have to use the FIS online registration system. Accreditation will only be possible to pick-up after the negative PCR-test (not older than 72 hours) of each team member is uploaded on the new FIS Passport system. Antigen tests (quick tests) are not accepted. The tests have to be uploaded 12 hours before accreditation starts on Tuesday, 9th of march 2021, 09:00. On site one person of each team will hand over in the race office the signed RED ANNEX (Guidlines & Rules of Conduct) inkl. BROADCAST Declaration of every teammember. In return the person receives the accreditations for each team member. They have to be carried on person all the time. The accreditation office is located in the race office. Only 1 person per team is allowed to pick up the accreditations for the whole team.

## Medical Service & Health protection plan

### Testing protocol and health protection plan

All teams or all members have to arrive with a negative PCR test (not older than 72h), which must be uploaded to the FIS-C-19 database 12 hours in advance. All accreditations that have not been answered by 22:00 will be blocked. As soon as the questions have been answered, they are free again.

If it is not possible for a team to present this test, an appointment for a test can be set at medical center Heilbad in St. Moritz [link](#). Please register early in advance to be sure that you receive a test. Groups of more than 5 people should contact early in advance by e-mail [carmen.loepfe@polyclinic.ch](mailto:carmen.loepfe@polyclinic.ch), phone +41 81 830 80 49 in order to do a PCR-test. To receive a test result before the races last possibility on wednesday 10th of march 2021 at 17:30. Tests have to be paid on site (CHF 156, cash or creditcard). If the test results are required on the same day (monday-friday) the test must be completed by 10:30 to be taken.

- Download RED ANNEX, which has to be signed in advanced [link](#)

### Wearing masks correctly

Where masks must be worn, they must be worn correctly. If necessary, people can be sanctioned accordingly.

### Daily Questionnaire

You receive the daily questionnaire day per day per E-Mail or WhatsApp (In FIS Pass) First message arrive per E-Mail on Wednesday 10th of march in the evening.

- Color Code Red: All registered by FIS Pass receive the Daily Questionnaire by E-Mail at 04:00 for the next day
- Color Code BLUE & Yellow: Receive the Daily Questionnaire by E-Mail day per day at 17:00

All accreditations that have not been answered by 22:00 will be blocked. As soon as the questions have been answered, they are free again.

If in the daily health questionnaire one answer is answered with "YES" (sudden symptoms), the accreditation will be blocked. The doctor receives a message and will then contact the person concerned. In this case, the accreditation can only be released manually if the doctor gives his OK!

If a PCR test result is positive, this person must go to a quarantine according to BAG (Federal office of public health - FOPH). The quarantine can be cleared by the responsible authority. An appointment for a test can be set at medical center Heilbad in St. Moritz (CHF 156.- per test). Please register early in advance by the form on following [link](#). Groups of more than 5 people should contact early in advance by e-mail (carmen.loepfe@polyclinic.ch, phone +41 81 830 80 49).

## Testing protocol by LOC or host country

All testing protocol must be kept for 3 weeks after the event. The protocol will be kept at the following address: Engadin Cross-Country World Cup, c/o Engadin Skimarathon, Quadratscha 18, CH-7503 Samedan.

## Regulations of radio equipment/Radio Frequencies

Since 2013 the legislator has restricted the usable frequency range for certain wireless devices multiple times and exempted from the license-obligation. This increases the risk of interference between wireless devices at large events. In order to guarantee the same level of production reliability in the future and enable everyone to enjoy interference-free operation, SRF will coordinate the frequencies on behalf of the event organiser Nordic Ski Events Engadin.

For the above-mentioned reasons, all users must register their wireless devices in advance. Wireless devices may not be used if they have not been registered.

## Regulations of Visa

### Entering Switzerland

All teams or all members have to arrive with a negative PCR test (not older than 72 hours), which must be uploaded to the FIS-C-19 database 12 hours in advance. Without a negative PCR-test (not older than 72 hours) you will not get the accreditation and therefore no access to the event site will be permitted.

If it is not possible for a team to present this test, an appointment for a test can be set at medical center Heilbad in St. Moritz (CHF 156.- per test). Please register there early in advance by the form on following [link](#). Groups of more than 5 people should contact early in advance by e-mail (carmen.loepfe@polyclinic.ch, phone +41 81 830 80 49) in order to do a PCR-test.

### Quarantine

The Swiss Federal Council resolved measures to curb the further spread of the coronavirus. Given the growing number of new infections it will be compulsory to wear a mask in all publicly accessible indoor spaces and at all public transport access points across Switzerland; this includes, for example, restaurants, shops and theatres and railway stations, airports, bus and tram stops. Mask-wearing requirement has applied to all public transport. More information about the actual situation in Switzerland is available on People arriving in Switzerland from certain countries and areas are required to go into quarantine. The actual list of these countries you can find on following [link](#).

### 5-day exception for Quarantine

Finally, persons who are entering Switzerland for up to 5 days for professional reasons and who cannot be postponed, are excluded. In justified cases, the competent cantonal authority may grant further exceptions from the obligation to quarantine or grant facilities. If an exemption is granted, then it must be ensured that those entering without quarantine are infected, do not infect anyone. The cantons must make appropriate specifications within the scope of the exemption. It goes without saying that the above-mentioned persons cannot be exempted from the obligation of quarantine if they show symptoms of a disease with Covid-19 (paragraph 4). This can only be deviated from if the symptoms are due to another cause. The quarantine cannot be waived if, after the return journey to Switzerland a test is made, which turns out negative; because the person could be infected nevertheless, and only develop a positive result in the following days. If your team is staying in Graubünden for more than 5 days please contact the cantonal authority for an exception. Please send

your request with the corresponding reasons at least 14 days prior to your arrival to the following e-mail: [kfsinfo@amz.gr.ch](mailto:kfsinfo@amz.gr.ch).

### VISA for third countries

For third countries a visa is required for entry. Even though no visas are issued at the moment due to the Covid situation, there is a solution for professionals and professional athletes. Please contact the swiss embassy in your country. To obtain a visa, the Swiss representation in the respective country must be contacted. They are authorized to issue a permit. If you receive a negative decision against all expectations, please contact us with your request, so we can help you.

### Travel from Engadin abroad

For the continued journey from the Engadin abroad it is possible until Saturday 13th of march 2021, 17:30, to do the test at medical center Heilbad in St. Moritz (CHF 156.- per test). Please register early in advance by filling the form on following [link](#). Groups of more than 5 people should contact early in advance by e-mail ([carmen.loepfe@polyclinic.ch](mailto:carmen.loepfe@polyclinic.ch), phone +41 81 830 80 49).

## Special permissions for truck driving (Sunday and night, other days with special regulations)
