

COVID-19 Hotline +41 79 644 69 53

TOPIC	GUIDELINES & RULES OF CONDUCT
1 Prevention	<ul style="list-style-type: none"> ▷ Health takes the highest priority; a high level of solidarity and individual responsibility is required. ▷ Persons with COVID-19 symptoms must not attend the event.
2 Arrival	<ul style="list-style-type: none"> ▷ The teams must comply with the currently applicable regulations for entering Switzerland: <ul style="list-style-type: none"> - All persons aged 16 years and older must be able to present a negative PCR test (not older than 48h) upon entry into Switzerland. This test must be performed in the country of departure. In addition, an entry form must be filled out (https://swissplf.admin.ch/formular). - After entry into Switzerland, all persons aged 16 years and older who has not been vaccinated or recovered from COVID-19 must take another PCR test or rapid antigen test between the 4th and 7th day after entry. The test result and the entry form number or a copy of the contact card must be reported to the canton. ▷ Individuals must arrive as part of a team.
2 Information and reporting obligations/testing obligation	<p>Before the event:</p> <ul style="list-style-type: none"> ▷ Mandatory registration in the FIS C-19 database. ▷ Up to 12 hours before collecting the accreditation, the following information must be uploaded to the FIS C-19 database: <ul style="list-style-type: none"> - Negative COVID-19 PCR test result (including the testing date and the national laboratory certificate, carried out no more than 48 hours previously) - "FIS Health Questionnaires" ▷ Anyone who travels to the event without all of the requisite documentation will not be provided with accreditation. This means that they will not be able to gain access to the event grounds and must self-isolate before filling out the documents. <p>During the event:</p> <ul style="list-style-type: none"> ▷ Anyone who has not been COVID-19 vaccinated must get themselves tested every 24h (rapid antigen test). Individuals from the Red group will be prompted to do this by the LOC. Those tested must load their test results onto their FIS passport in order for their accreditation to remain valid. Persons who need to undergo a retest on the last day of competition at the event will not require any further tests. The costs of the tests must be paid there and then by the person being tested. ▷ In addition, persons from the red group must fill out a health questionnaire in the FIS Passport every day for the duration of the event.
4 Accreditation	<ul style="list-style-type: none"> ▷ The accreditation serves as authorisation for admission to the event grounds and must be worn on your person at all times. ▷ Under no circumstances whatsoever should an accreditation be transferred to a third party.
5 Mandatory face masks	<ul style="list-style-type: none"> ▷ Everyone must wear a face mask in all areas of the Red accreditation zone on the event grounds. ▷ Buffs that have protection certification are only permitted to be worn as face masks when riding lifts, on course inspections and on training and approach pistes. Certified disposable masks must be worn in the competition area. The organiser recommends wearing FFP2 masks for your own protection. ▷ Protective masks do not have to be worn in the following exceptional circumstances: <ul style="list-style-type: none"> - By athletes immediately before, during and after the competition - During meal times, after individuals have sat down at their tables
6 Red and Rest group	<ul style="list-style-type: none"> ▷ Persons from the Red group must not mix with the Rest group.
7 Covid-19 testing	<ul style="list-style-type: none"> ▷ Tests must be officially recognised and certified in the country in which they are carried out. ▷ The task force can request that persons with symptoms take a rapid COVID-19 test. ▷ The task force may arrange for rapid COVID-19 tests to be carried out unannounced at any time. ▷ In the event of a positive result being returned by a rapid COVID-19 test, a COVID-19 PCR test must also be carried out. ▷ The costs of any additional tests must be paid there and then by the person being tested.
8 What to do if you experience symptoms	<ol style="list-style-type: none"> 1. Should anyone develop symptoms, the team manager must be informed immediately. 2. The affected person must enter self-isolation immediately. 3. The team manager shall inform the LOC's COVID-19 Health Coordinator immediately via the COVID-19 Hotline. 4. A rapid antigen test must be carried out. If the result of this test is negative, the person concerned can return to the team. If the result of the rapid test is positive, a PCR test must also be carried out. 5. The COVID-19 Health Coordinator will inform the task force in the event of a positive test result. 6. The task force shall consult the cantonal authorities and make a decision on the next steps to take. 7. Any information provided to third parties (the media, etc.) must be approved by the task force.
9 Training and implementation	<ul style="list-style-type: none"> ▷ The team manager is responsible for providing team members with internal training. ▷ The team manager undertakes to inform the team about the Red annex and the protection regulations no later than on the evening before the first official team event (training or competition). ▷ The annex is a binding part of the basic protection concept for the World Cup.
